

2023 Szakfordító ZV tétel

Földrajz-Földtudomány

1 Geology (The Rock Cycle, Rocks and Rock Mechanics, Tectonics and Faultings)

2 Natural hazards (Earthquakes, Volcanoes, Tsunamis)

3 Soil Sciences and Soil Studies

4 The Groundwater System and Water Quality

5 Physical geography (geomorphology, landscapes)

6 Social geography (population, migration, settlement system)

7 Global Warming and Climate Change

8 Global Response to Climate Change
